

Chris Brown Joins Backstop Solutions Group as the Director of Engineering

Monday, February 26, 2007 – Backstop Solutions Group, LLC, today announced the hiring of Chris Brown as the Director of Engineering. Mr. Brown brings an extensive knowledge of software management and design. Mr. Brown will oversee the development and day-to-day operations of the Backstop platform.

“Chris is a welcome addition to the Backstop family and we’re excited to have Chris contributing his leadership and expertise,” said Jeremie Bacon Chief Executive Officer (CEO).

Mr. Brown brings a magnitude of experience creating platforms, tools and processes that enable scalable and profitable delivery of internal applications for multinational corporations. Mr. Brown joins backstop from Hewitt Associates where he was a systems architect and group manager.

“The prospect of working for one of the most inventive software providers in the financial industry was too good to pass up,” added Mr. Brown. “It will be exciting to contribute a new structure and velocity to the software development and release cycles.”

About Backstop Solutions Group

Backstop Solutions Group, LLC is a privately held Software-as-a-Service (SaaS) platform company, providing cutting-edge software to hedge funds, funds of funds, endowments and other institutional investors. Backstop Solutions was founded in 2003 and is one of the fastest growing software providers in the financial services industry. Backstop software is used by firms throughout the United States, Europe and Asia and has been repeatedly recognized by industry leading managers and service providers as a top technology provider in the alternative asset management field.
